BRADFORD BEAR

Bradford Bear supports our local growers. Our cider is crafted in Bradford, NH using apples exclusively from NH orchards. Our goal is to bring to you the highest quality small batch hard cider available.

If you like a sweeter hard cider, you will certainly enjoy Honey Bear. We experimented with many ways to produce a sweeter drink and landed on honey. After all bears do like honey, and Bradford bears are no different.

Honey Bear is made with New Hampshire Apples and is sweetened with honey from our local apiarist. The honey bees roam Bradford, Henniker, Sutton, Warner and other close by towns, pollenating and bringing us some of the finest honey to be had. We are excited to feature this honey in Honey Bear.

Ingredients: Fresh pressed apple juice, honey Carbon-ataed. Contains sulfites.
Gluten-Free
