

in icon format
Can have a small header above photo or Items (logo, wishlist etc) overlapping on photos

Option to place photo or video here, see Airbnb

Choose a destination
At the beginning (limited destination) use drop down to choose, when list gets too long predictive text (to type)

Choose an activity: "All Activities"
followed by activity categories applicable to the chosen destination

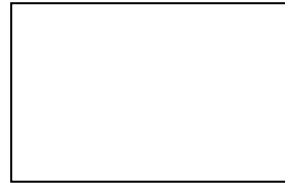

Happy to have 2 or 3 boxes per row for mobile optimization purposes

Most popular destinations

clicking this will bring to 8.1

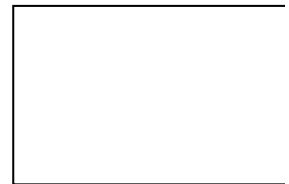

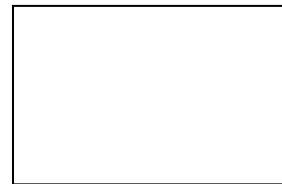

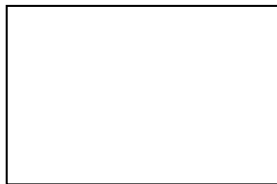

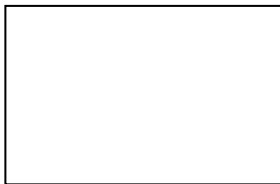

Most popular activities

[More popular destinations](#) (when click will expand to show more)

clicking this will bring customer directly activity page 8.1.1

[More popular activities](#) (when click will expand to show more)

Text/ content area

photos/ videos and text arranged in an interesting way, or perhaps with a section will links to our blogs.
Need to pick the brain of web designer here.

Home Page - continued....

Text/ content are

[Show more](#)

Optional: links (if useful for SEO), i.e.:

Top things to do in Tenerife
Top things to do in Barcelona
Top things to do in Paris
Top things to do in London
Top things to do in Berlin
Top things to do in Kuala Lumpur

Top things to do in Barcelona
