

LEISUREBUILT DUPLEX

Standard Plan Example

From \$85,000 shell only. Full specifications and sample, up to date plans are available on request.

ABOUT OUR DUPLEX

For those situations where size, installation, regulations or other design criteria are important, the Leisurebuilt Duplex series has the answers. Built as one in our factory, on two chassis the Duplex is split apart and transported to your location in two separate components, then reinstated as one on site.

Originally based on the holiday park concept of a standard caravan fitted with a solid annexe, we have developed the Duplex over the years to become the ultimate lifestyle experience, spanning up to 10.5 x 10.0 metres when on site. Add a third unit to increase the total floor area even further.

Our designers will work with you to find an unsurpassed solution to your accommodation requirements, whether at the beach or in town.

All pricing excludes the cost of transport to your site. Pricing includes our standard installation on your level site. All prices are subject to Leisurebuilt standard terms and conditions of trade.
