XENOPLEX

Directions for Use:

Take two (2) capsules before breakfast or morning exercise session, and two more capsules at mid afternoon. Begin use with one-half the recommended dose for the first seven days to assess your tolerance. **DO NOT EXCEED FOUR CAPSULES PER DAY.**

WARNING: If you are pregnant or nursing or if you have heart disease, thyroid disease, diabetes, high blood pressure, depression or other psychiatric conditions, glaucoma, difficulty in urinating, prostate enlargement or seizure disorder, consult a health care provider before using this product. Do not use if you are using monoamine oxidase inhibitors (MAOI) or for two weeks after stopping a MAOI drug; certain drugs for depression, psychiatric or emotional conditions; drugs for Parkinson's disease; methyl dopa; or any product containing ephedrine, pseudoephedrine or phenylpropanolamine (ingredients found in allergy, asthma, cough/cold medicine and weight control products). Stop use and call a health care professional immediately if dizziness, severe headaches, rapid and/or irregular heart beat, chest pains, shortness of breath, nausea, noticeable changes in behavior, or loss of consciousness occurs. **Do not exceed recommended serving.**

STORE IN A COOL, DRY PLACE WITH LID TIGHTLY CLOSED.
