REVIEWS

Tony&Sarah

We purchased a house just before xmas and thought our chances of getting a tiler straight after xmas may have been difficult. We contacted Peter who arrived on time for his appointment and was able to start the tiling job on 28 December and 3 days and 80sqm of tiling later we could not have been happier. The finished product was excellent the price was good and would recommend Peter to anyone

k cox

We contacted Peter Himberg recently to retile a bathroom we were renovating. We found Peter to be very professional and extremely meticulous. He was genuinely interested in providing exactly what we wanted and nothing was too much trouble for him. We are very pleased with the end result; the bathroom looks fabulous and would not hesitate to recommend Himberg Tiling for all tiling needs, especially if you want an excellent result in a timely manner at a good price. Kerrie.

Nattcorp

I have been using Himberg Tiling for a period of time and found it unique to find a business so focused on quality and customer service. Nothing is ever a bother and they always make sure time frames are met. I normally do not recommend people however Himberg Tiling is one of those businesses you have no hesitations doing so. Keep up the great work!!!
