

4C Construction - OLD Logo from 2007

4C Construction CURRENT Logo from 2013

The 4C Construction CURRENT Logo is an OLD look.

The Main Font Looks Good but it can change if needed.

But the LOGO shape to me is too sharp and pointed - its looks like I'd cut myself on it if it was something i could touch. I would like the new logo to be more like an icon. More user / people friendly.

4C means to Think Ahead / to Foresee the Future.
