INFORMATION

Kickin' in the LIGHT soccer clinic was founded in 2012 by Matt Ward of Wilmington, North Carolina. Matt combines his passion for soccer with a desire to teach others how to have a positive outlook in all circumstances. During each session players will learn ball-handling and shooting skills and play in a small-sided game. The clinic will end with an encouraging interactive presentation about how to effectively deal with the difficulties we all face growing up and how to get help if these stresses become overwhelming. A portion of proceeds are donated to the "Out of The Darkness Walk" put on by the American Foundation for Suicide prevention in memory of Matt's Dad, Dr. David Ward
