

*Interior Decoration – Scope Interiors are involved in all aspects of the interior decoration process, from conception to completion. We work with interior designers and architects to achieve specific project requirements and we are also involved in the ideas and initialisation stages to help create the right interior environment for every need. The variety of looks and finishes that we offer, mixed with the varied fitout and design skills we have, means that we are the right fit for all high quality interior projects. We offer specialty services in Kitchen Rejuvenation and Refurnishing, Custom Feature Walls and Decorative Films and Coverings for Interior Walls and Windows. Whatever Interior Decoration needs you have Scope Interiors has a solution for you.*

*Decorative Films/Covering – Enhance your decor with our extensive range of Decorative Films and Coverings. Give a melamine desk a nice hardwood finish or a glass cabinet a modern stone looking shelf. Make a wall into a textured feature or some glass into a decorative window. Whether it is in the kitchen or the bedroom, the office or the boardroom, Scope Interiors range of Decorative Films and Coverings meets every need. Our team of experienced installers can come on site or we can provide you with self finish or supply-for-other options that meet all customers' requirements. The design team can come up with artwork specific to clients' demands, or can incorporate your designs into existing environments. We can provide full art proofs so you can see what the application will look like before it is applied. Scope Interiors' Decorative Films and Coverings are cutting edge, so look as good in a just-opened office complex as they do in a rejuvenated kitchen fitout. We have the right product for every interior decoration job.*

*Kitchen Refurbishing/Rejuvenating – Our kitchen building and design experience means that Scope Interiors can meet all our customers' needs. We can create the best finish for any age kitchen, giving old kitchens life and making new kitchens feel homely. With our experience and product knowledge we have access to innovative and creative applications that make our Kitchen Refurbishing and Rejuvenating techniques perfect for both high level architects and DIY home renovation. We can create personalised and stylised looks for your kitchen, without having to start from scratch. Scope Interiors range of finishes suits all panel types and existing surfaces, so there is an application for all the kitchen environments you are looking to enhance.*

*Feature Walls – Make your feature wall something that jumps out and says hello or something that sits serenely in the background and makes you feel comfortable and at ease. Scope Interiors has the Feature Wall solution that will work with any space you are trying to enhance. Whether it is a high definition photo quality image, a custom design or a texture fill, a Scope Interiors Feature Wall will achieve the look and feel you want for your room. We provide a range of digital printing techniques that can meet varied needs, such as HD quality images, artistic patterns and designs, and a kaleidoscope of colours, all in an array of textures and finishes that make every Feature Wall look good. Take your room to the next level with our Custom Printed Feature Walls with Textured Laminates.*

*Custom Printed Wallpaper – At Scope Interiors we have a custom wallpaper solution for every requirement. Whether you are trying to enhance the wall behind the computer in your office or an entire hotel, our Custom Printed Wallpaper meets all needs. We have a range of adhesive options, both permanent and removable, which means the Scope Interiors team can do the installation for you or we can provide options for self installation or for an experienced wallpaper installer. Our design team can create the right image(s) for your Custom Wallpaper, you can bring your own designs or we can work together to collaborate on a design that works for the space you are looking to transform. Take your room to the next level with our Custom Printed Feature Walls with Textured Laminates.*

*Custom Printed Feature Walls With Textured Laminates – At Scope Interiors we offer a unique range of finishes that can take your feature wall to another level. The superior range of textured finishes and custom print options we have available makes any room we enhance the decor in all the more impressive when we complete it with our specialist products. If you are looking to impress, whether it is in your office or in your home, our Custom Feature Walls are just what you are looking for.*

*Kids rooms – With the interior decoration applications we use at Scope Interiors we can make any child's bedroom into the room of their dreams. We can create an environment that is one that they will remember forever, with the fairies, warriors, cartoon characters or sports heroes of their youth, all potential aspects of their room design. Our range of print and design options means we can bring to life any bedroom idea you or your child has. With Printed Feature Walls and Custom Designed Interiors we can make any kids room into one they will cherish for life.*

*Window Treatments – Scope Interiors window design range means that we have a finish for every glass or window treatment you require. Whether it is for privacy film, to keep people out, or decorative film, to bring people closer, we have a glass finish for every occasion. Many of our custom wallpapers work just as well on glass, so can be used as a complete wall-to-ceiling application or in pieces and patterns on glass to provide for all decorative requirements. For privacy we have complete block out options in multiple designs and colours, as well as frosted films or light diffusers that offer varying levels of opacity, perfect for every situation. Our frosted glass film options, both in the home and office environment, can come as a flat finish, to provide complete privacy, or with cut patterns or designs, to add a personalised touch to your interior environment. If you want to make your window a design element in the space you are working with, then a Scope Interiors Window Treatment will give you exactly this.*

*Wall Art – Turn your wall into a work of art. Or make art come to life on your wall. At Scope Interiors we can make any wall into something special and unique. We have access to a massive range of existing high quality artwork or we can do something more custom just for you. Our exclusive range of finishes and printing techniques means that we can achieve a Wall Art design for all types of interior decoration requirements. If you want to put your own design on your wall or you want us to come up with a design just for you, Scope Interiors Wall Art options are going to meet your needs.*
