

I need a brochure made for a home care company called 'Allay Home Care'. I have uploaded the logo, location, and a few items about our company and what it offers. The final design should communicate trust and respect for patients and their families. I will probably be changing the phone number in the next few days so will need to add a new number and more serving locations.

ABOUT US:

Allay serves to give patients the personal care they need in order for them to continue to live dignified and independent lives in the comfort of their homes. We begin by assessing and understanding our patient's individual needs and met those needs through selectively assigning qualified, trustworthy and compassionate home care aids. Allay holds great pride in keeping our client's health, quality of life and well-being central in the design and delivery of our services.

ABOUT OUR SERVICE PROVIDERS:

We go through a rigorous in-depth application process with all of our service providers, so that you can rest assure that your home care provider is most qualified to meet your needs. Our application process also includes a thorough screening, criminal background check, DMV driving history and a comprehensive exam. Our service providers are trained, monitored, and tested continuously to meet our high standards of work ethic and professionalism. At Allay teamwork among members is of key importance and it is how we conduct our day to day business. We work as a team with family, patient and their provider in developing an ideal care plan for the patient.
