

CreditSuppliers™

REVOLVING LINES OF TRADE CREDIT FOR CONTRACTORS

SUPPLIER BENEFITS

Supplier operations can become strained when providing lines of trade credit. As accounts become delinquent, relationships with customers are harmed. By allowing CreditSuppliers to pay for supplies within 10 days, you can significantly lower your DSO (Days Sales Outstanding), resulting in a better bottom line. CreditSuppliers can also provide a higher credit limit to the contractor than most suppliers feel comfortable with, which means they have more money available to spend.

CONTRACTOR BENEFITS

ACCESS TO FUNDS

 Regarding financing options, the construction industry has long been underserved and neglected. Our trade credit lines provide the funds you desperately need and often can't find anywhere else.

GROWTH ENGINE

By freeing up working capital, CreditSuppliers gives you the freedom to take on bigger or additional jobs, propelling your company's growth.

BETTER TERMS

Many suppliers will extend trade credit but they typically expect to be paid in 30-60 days. CreditSuppliers pays the supplier in 10 days or less and gives you up to 150 days to repay the invoice.
