

ERIC
SCHMITT
STATE TREASURER

**PUTTING PEOPLE
AHEAD OF POLITICS**

ERIC SCHMITT

A lifelong, sixth-generation Missourian, Eric Schmitt grew up watching his father work long hours while attending night school. His father's work ethic motivated Eric to dedicate himself to bettering his family and his community, and inspired him to enter public service, first as an Alderman, and then as a State Senator.

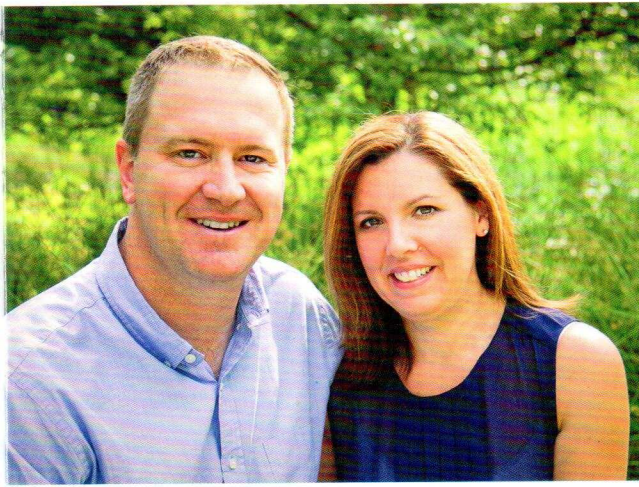

Since being elected in 2008, Eric has proven to be a strong defender of conservative values. He authored two of the largest tax cuts in Missouri history, while sponsoring legislation to reduce the taxes on job creators by 25 percent.

Eric is a strong defender of the Second Amendment. He supported protecting and strengthening the rights of concealed carry permit holders and will continue to protect the rights of all lawful firearm owners.

Eric is a proven pro-life warrior in the Missouri Senate, consistently voting to protect the life of the unborn. Most recently, Eric has served on the Sanctity of Life Committee which is investigating Planned Parenthood's atrocious actions against the unborn. Schmitt has demanded accountability from Planned Parenthood while ensuring that no taxpayer money is spent on abortions.

You can count on Eric to be a conservative champion, putting people ahead of politics, as Missouri's next State Treasurer.
