

FREE WEB DEVELOPMENT

We are a community of **web developers** that enjoys creating innovative products and services

You are an **entrepreneur** that has a brilliant **idea** and a plan how to make money of it

If we like your idea, we will make all **web development** for you for free

HOW IT WORKS

1 you **submit idea**. brief description. with extended marketing plan (if you have already)

3 we discuss internally and **make decision**

2 we schedule skype call and **discuss it with you**

4 if our decision is positive we proceed with marketing plan and **start the project**

TERMS AND PROJECTS

Agreement we sign **supposes that**:

- we get 40% share in venture
- project is hosted on our servers
- domain belongs to our account
- we are responsible for development
- you are responsible for marketing (sales)

Projects **we prefer**:

- early proof of concept
- revenue generation supposed after first version
- b2c service or product
- advertising based business model
