

# **Logo Design Rough Concepts**

**WeBe Brewing Company**

## **Objectives:**

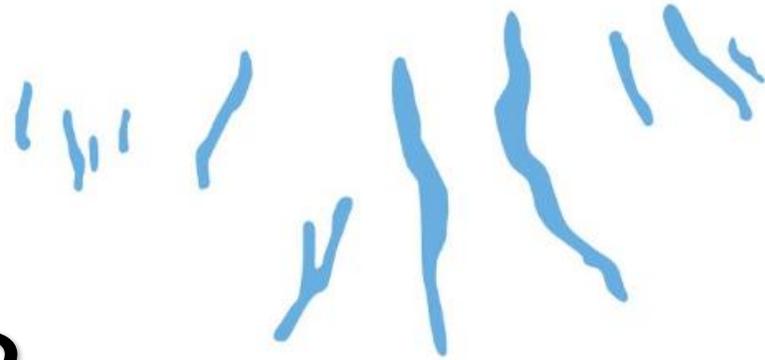

The name of our brewery is WeBe Brewing Company.

In the attached short concept, many of the logos we have are of the outline of the finger lakes, sketched out. We would like to incorporate this somehow as this is where we're located. If we had to focus on only one of the finger lakes, it would be Seneca Lake.

We are looking for a logo that can easily be transitioned on many different objects including glasses, clothing, keychains ect. and used on social media.
