## VIETNAM COFFEE COOKIES

Bánh quy cà phê sữa

BEST HANDMADE COFFEE COOKIES  
WITH CONDENSED MILK

GIFT from a coffee producing country VIETNAM

Vietnam is currently the world's second coffee producing country next to Brazil. Especially, the city Buôn Ma Thuột, located in the central highlands of Vietnam, is famous as the regional “capital of coffee” as it is blessed with the perfect location and climate for growing fragrant, flavorful and bitter coffee beans.

VIETNAM COFFEE COOKIES is made in the image of the Vietnamese beloved coffee “cà phê sữa”, which has an unforgettably rich taste with sweetened condensed milk. Mixed with the coffee beans from Buôn Ma Thuột and the condensed milk for cà phê sữa,

VIETNAM COFFEE COOKIES is a perfect marriage of bitterness and sweetness, giving a rich refined taste. A good choice for adults!
