

Flexible Pricing Designed to Fit Your Business

Our pay-as-you-grow pricing model is geared to minimize risk and maximize return. Whether launching a new learning initiative, or looking to migrate (or integrate) an existing business with our Learning Business Platform, we have you covered.

Express

Launch in weeks, not months. Perfect for smaller businesses with less than 1,000 users and requiring less than 25 courses. Packages start at \$499.

Our pricing structures are unique to each business. Depending on your requirements, we will build out a model which works for you.

Pricing is typically based on these factors:

- Number of instances needed (websites)
- Amount of courses to be created
- Number of users accessing those courses
- Seat/active user model, whichever works best

Fill out this brief form and we'd be happy to discuss in more detail your requirements and use case.
