

LOGO: REPAIR MAN IN UNIFORM CHECKING WATCH, WHICH IS "DIALED-IN"
 HOLDING TOOLBOX SAYS HE'S READY TO GO.

draw man
 looking at watch
 but make watch
 clear & visible to
 audience. This is
 why I have sketched
 the dial protruding
 out from the watch
 in a Supernatural,
 Superhero kind of
 way. Want to display
 the "wrench hands"
 and place the dial
 as front and center
 to grab attention.
 The dial should be what
 people's eyes go to.

optional hat

should look tough
 and capable but not
 scary

pocketed button-down
 work shirt (hunter green?)

belt

blue denim jeans
 or
 khaki work pants

toolbox or
 tool bag

boots
