We're on  

Hello again!

Welcome to the Attipas Autumn/Winter 2017 Collection, featuring cool wintry tones and a whole lot of cuteness! This season we introduce five new styles, including 'Cutie' with owls, cats and dogs; 'Ribbon' with cute woven bows; boyish 'Tie'; and thicker styles 'Twinkle' and 'Argyle', perfect for those cooler months. As always, our signature styles are on offer, giving you a wide selection to chose from. From cute animal designs to classic prints, there is something for everyone this season. Enjoy!

Style and function

Attipas functional toddler shoes were released in 2011 after 7 years of research and development at the Seoul University. Based on kinetic and physiological tests of toddlers' walking, these unique shoes ergonomically support infants' first steps and thereafter. With university, industry and educational cooperation, we are proud to introduce these internationally patented shoes to the market. Attipas shoes are Walking Science™.

FIVE KEY BENEFITS:

- 1 Convenience**
Strong, Smooth, Non-Slip, Machine Washable, Fast-Drying
- 2 Breathable**
Superior, breathable fine holes release heat (International Patent)
- 3 Big toe box**
Free toe movement to improve cognitive and motor development
- 4 Safety**
Non use of hazardous materials and adhesives, no use of Formaldehyde
- 5 Comfort**
Super lightweight, just like wearing socks!
