

WHO WE ARE

Palisade Security Group Inc. is the market leader in delivering superior security solutions nationwide. We are a multi-dimensional security provider capable of exceeding the expectations of both large and small enterprises. Many fortune 500 companies have entrusted in PSG to provide quality service, including Walmart, Ford, General Motors, and Sysco just to name a few.

We are committed to delivering service excellence to you, a philosophy that runs

throughout our entire organization. Our security planning, execution, and follow-up standards are second to none within the industry. All of our business decisions are methodically and systematically thought out and implemented based on upon our three core values.

We provide all of our clients with a complete, fully integrated, quality driven service, underpinned by transparent accountability!

WE ARE YOUR TOTAL SECURITY SOLUTION!

VISION

PSG will provide our clients expert security solutions and exceed their expectations.

MISSION

To be the world leader in developing and delivering innovative security solutions to our clients. We will be known for our leadership edge, through our passion for high standards, professional attitude, and our commitment to create opportunities for professional development so that our people can fulfill their highest potential.

VALUES

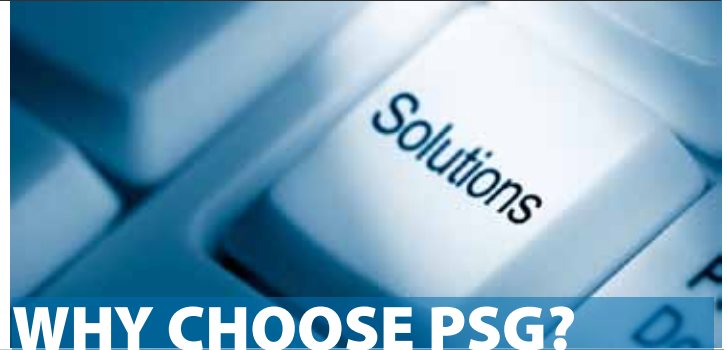

PSG has developed a three pillar approach to developing client relations. Our business decisions are methodically and systematically thought out, and are in accordance with three important values:

Excellence, Committed, and Professionalism

OUR PARTNERSHIPS

PSG has partnered with several professional organizations to gain a better working knowledge of security practices in the industry, providing you with professional quality service that is consistent with today's practices. A few of our industry partners are:

- | | |
|-----------------------|--------|
| ➤ Chamber of Commerce | ➤ ASIS |
| ➤ BBB | ➤ ICSC |
| ➤ NASCA | ➤ BOMA |

WHY CHOOSE PSG?

- Our **Employee Retention Program** helps attract and retain the best qualified security professionals in the industry. Our level of commitment to our personnel is second to none!
- We provide **Next Generation Management Leadership**. Our management team are referred to as 'coaches'. They are professional leaders who strive to increase productivity from our work force through many new initiatives.
- PSG is a strong believer in using state of the art technology and being innovative while employing officers to the field. We use **electronic patrol verification, electronic report writing, GPS tracking**, etc.
- PSG has **24/7 Field Managers** who consistently train and coach our security personnel in the field. This increases productivity and morale amongst our employees.
- **We listen to YOU**. We do not offer cookie-cutter programs. **All security programs are tailor made** to suit your specific site needs and requirements.
- **NO LONG TERM CONTRACTS!** At PSG we strongly believe in our service and ensure that all security solutions are driven with professionalism, and excellence.
- PSG provides **value-added services**, including security newsletters, free warning signage and stickers, free lock-out protection and free safe-walks.
