

Corporate Statement

RenCon Services, Inc. was founded on the principles of providing all our clients with superior building solutions and development services; providing honest and

prompt service in each area of our business. The team leaders at RenCon Services offer over 60 years of combined practical experience in Construction and Development services as well as Planning, Budgeting and Architectural Consulting. We strive to meet the needs of

today's sophisticated and challenging marketplace and diverse clientele with the highest degree of professionalism, commitment and integrity. Our goal and philosophy is simple... "Build lasting relationships with our clients through hard honest work, mutual respect, look out for the client's best interests at all times, understanding and anticipating their

needs and providing workable and affordable construction solutions every time, one project at a time!"

Services Offered

We strive to go beyond what you have come to expect from a typical general contractor. RenCon has the ability to provide you with a team of professionals throughout most markets across the country that will work with you to develop budgets, value engineer projects, create designs and manage the construction process to make your business more successful and efficient.

Our goals are also simple: "To exceed your expectations, to deliver the best product for the right budget, to meet or exceed your specific time frames and to be your partner and team member".

From straight contracting services to project management, tenant finish-outs, renovation projects, design/build projects, retail roll-outs, site development, office moves and relocations, furniture and store fixture installations to facility maintenance and repair services, our team of construction professionals will strive to make all projects successful, one at a time!

Fixture & Repair Services:

RenCon also offers a team of professional millwork carpenters, furniture systems and store fixture installers with nationwide reach and capabilities. Whether you need RenCon to provide new or custom millwork or the installation of your retail store fixtures, our professionals can coordinate shipping, delivery, staging and installations. We endeavor to facilitate the proper coordination of all our installations so that your project will be completed without any undo inconveniences to your staff and facility. We ensure that all installations are completed on time and we strive to always work within your budget.

Other Services

Over the years, RenCon has been successful in the execution of many diverse projects from Retail to Restaurants to Commercial and Light Industrial projects. We are currently licensed and available to work in over 36 states; where ever our clients need us to go. From the beginning to completion, RenCon can manage the entire process of your project, From design management to permitting to turn key construction, all working within your schedule and budget anywhere you need us to be. We can also help with your Facilities Maintenance and Repairs after the job is completed... Just ask us how!
