

Please check:

- ✓ For spelling mistakes and missing digits
- ✓ That you've included all your vital details (email, URL, etc)
- ✓ If your design reaches all the way to the edge of the bleed (explained to the right, if you're not sure)
- ✓ The orientation of your design. To check, fold this page in half - do your designs face the right way up?

Don't forget:

The colour will look different on your screen to the final print.

This proof is not a print-ready file. Any images on this preview are high-resolution, but are not our full print resolution. So your final print will look even snazzier than it does already.

This is a presentation of where Tailored Elements will be applied. There may be some tolerance of the Elements on the final print.

What do the symbols mean?

- **Bleed** (your design should fill this)
- **Trim** (this is where we aim to trim your cards)
- [] **Safe area** (Make sure any important aspects of your design such as text and logos are inside of the safe area, otherwise they may be cut off)
- proof Watermark** (Don't worry, this won't print)

Got a question?
