

CUTTING YOUR COSTS FUELING YOUR PROFITS

Transtex is the leader in providing high-value aerodynamic products to motor carriers. **EDGE** trailer skirts are our newest flagship product. Our family of solutions covering the most popular configurations assures carriers of one-stop shopping for trailer skirts.

Proven Performance, Reliability and Value

EDGE products are the result of more than 10 years of exhaustive engineering, design and testing.

Constructed from the lightest but strongest composite material, **EDGE** delivers superior flex, UV-protection and impact/puncture ratings.

Our industry-leading 15-year warranty ensures **EDGE** skirts far outlast the lifetime ownership of your trailer.

Fast Regulatory Compliance

Designed with your needs in mind, **EDGE** skirts can be quickly installed by carriers or our installation partners located throughout North America. **EDGE** skirts are virtually maintenance free. Installation is quick and easy.

products deliver up to
7.3% fuel savings

CUT YOUR FUEL AND COMPLIANCE COSTS IN TODAY'S INCREASINGLY COMPETITIVE ENVIRONMENT

Industry leader in innovation

Flexible and resilient design prevents damage

Designed for easy and quick installation

Improved trailer stability and handling

UV coating protects against sunlight and road wear

Superior flex, impact, and puncture ratings

U.S. EPA SmartWay verified and CARB approved

Industry leading 15-year warranty

Lightest and strongest glass-reinforced thermoplastic composite material

Custom colors, sizes and material compositions

ASSURED PERFORMANCE UNDER ALL CONDITIONS

Intensive use and harsh conditions place high demand on trailer skirt performance. **EDGE+** has been designed to withstand these challenges.

Manufactured from the lightest and strongest composite material, **EDGE+** features cross-woven and glass-reinforced thermoplastic. Our unique cross-woven material has received level five ratings for impact resistance, making it among the most durable trailer skirt products in the industry.
