

Something similar to this for the front of the card. Then I want a blush pink box in the middle to put the text on. Same blush pink as my logo.

On the top of the blush pink box I want this font and for it to say JULIA CHIC in black

Banbury by Sharkshock

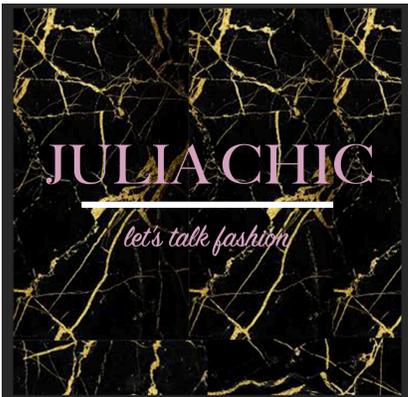

JULIA CHIC

Hesster Mofet +3 by J O E B O B graphics

let's talk fashion

Under that I want this font also in black, and instead if it saying lets talk fashion have it say fluent in fashion

In between those two things, I want a white line, kind of like the one to the left

blogger & youtuber // beauty - fashion - travel

<> **instagram.com/juliachicxo**

<> **twitter.com/juliachicxo**

<> **@juliachicxo**

<> **julia@juliachic.com**

BLOG: juliachic.com

YOUTUBE: youtube.com/juliachic

This is a really rough example of what I kind of want the back to look like. The back of the card is mostly blush pink (same pink as the front of the card) I would also like a black border. I want the top where it says blogger & youtuber etc.. To be the same font as the "fluent in fashion" in the front (in white). And for the rest just a basic, easy to read font in black)

Where the <> things are I want these icons. First, is my instagram, second is my twitter, third is my snapchat, and last is my email.

For the BLOG and YOUTUBE I want those the same font as the JULIA CHIC on the front and those will be white. Then same basic font as before to type out my blog and youtube in black.
