

EDS is a commercial waterproofing and restoration company providing quality services to our loyal clientele and partners in North Carolina, South Carolina, and Virginia. For over 14 years, EDS has provided excellent customer care with every service we provide. Our experienced management team highly skilled technicians create a well established action plan to every project, ensuring consistency and quality.

“EDS was a fantastic resource for Trinity Partners as they worked with me on behalf of my client to reposition a building that had substantial deferred maintenance. The client was in town for the third time since the work was completed and continues to marvel about the improvement to her asset. I would highly recommend EDS based on their professionalism, pricing and performance.”

Eve Pilkington, RPA
Director / Property Manager
Trinity Partners

Return on Investment

- Restore** Return your building to pristine condition.
- Reduce** Reduce negative air flow by sealing voids; energy savings.
- Avoid** Avoid tenant disruption and frustration due to water and air infiltrations.
- Demonstrate** Show tenants, employees, and investors that you practice diligent building care and maintenance.
- Limit** Limit unexpected costs, like those arising from a due diligence report.

Safety is Our #1 Priority!

EDS is committed to providing our employees and our clients with a safe work environment. Our area of expertise takes us into workplaces that are literally above the norm, and we take many steps to ensure that we are in compliance with any and all regulations that are associated with the work we perform.

“EDS did an outstanding job of performing the work and equally important, coordinating with the building occupants. There were no complaints throughout the project which was amazing in itself. The project was completed on time and on budget. I highly recommend working with EDS and hope to have the opportunity to work with them in the future.”
