

# Ziptrak Blinds

FASHIONLINE   
BLIND INDUSTRY PROFESSIONALS

Instantly transform your space to create a sense of seclusion and sanctuary while allowing you to spend more time enjoying an outdoor lifestyle with family and friends. Offering seasonal protection from UV, the sun, wind and rain, for yearly outdoor entertaining.

Ziptrak® is the original and trusted track guided blind system, incorporating a patented design that glides smoothly and stops at any height.

- The trusted solution for outdoor protection.
- Add another room to your home.
- Australian owned and invented.
- Custom made for every installation.

Entertain outdoors  
and in any weather  
by connecting  
indoor and outdoor  
spaces

#### Hardware colour range

Ziptrak® aluminium componentry allows you to match or complement existing structures, with tailored options for vertical tracks, bottom bar and pelmet. These Blinds are available in 5 different popular Colourbond® colours. Choose from Black, Paperbark®, Classic Cream®, Woodland Grey® or White. Alternatively, you can add a powder-coating of any colour of your choice.

Each blind system is custom measured, made and installed to your exact requirements.

#### **Motorisation**

Optional motorisation is a popular choice for many household and commercial applications. The motor is hidden within the pelmet, and the blind can be left at any height.

#### **Solarsmart™**

SolarSmart™ allows you to operate your motorised Ziptrak® blinds without the need for an electrician to hard-wire into your building power. You'll have your blinds motorised sooner and at a lower cost.

#### **Protective Pelmet**

A pelmet ensures that the blind looks great and operates flawlessly for years. When rolled up, the pelmet protects the blind from the weather and the sun. They are an important addition, particularly if your Ziptrak® Blinds are installed outside and exposed to harsh weather.

#### **Removable Post**

If your opening is wider than 4.5m, the Ziptrak® removable post is your perfect solution. By splitting your opening into different sections, you can use the blinds as a door to your yard, while giving you more freedom to dictate the size and feel of the space.

Your local Fashionline dealer provides elegant and distinctive window furnishing concepts by combining the resources of Australia's largest independent blind manufacturing co-operatives.

Fashionline is the brand of an Australia-wide association of blind manufacturers who have created a range of timeless window furnishing solutions with the latest designs, colours and technology at affordable prices.
