

PHS has been opening minds since 1918; helping children develop into caring, thoughtful, successful members of their communities. We hear a lot of wonderful things about our graduates from high school admissions directors and we are proud that Presidio Hill School alumni go on to do great things. Yet we also know that the unique elements that make PHS so rewarding for our students and their families come with significant financial requirements.

Every year, gifts to PHS's Annual Fund provide critical dollars needed to support the work of teachers and students. From books and classroom materials to items that support our art, athletic, and music programs throughout the year, Annual Fund gifts make it all possible.

In this year of meaningful change at PHS, including the opening of the Maple Street building, PHS is hosting a community event in place of the Auction/Spring Fling.

We are asking everyone to make a larger gift to the Annual Fund to ensure that all the programs traditionally supported by the Annual Fund and the Auction continue to thrive. We hope that our community event in the spring will then allow everyone to celebrate the spirit of giving without the pressure to donate, bid and outbid others.

At PHS, we are proud to consistently invent and reinvent the ways in which we work, teach, and learn. Big ideas can be expensive, but we are proud to uphold our values of inclusivity and collaboration.

Your gift to PHS's Annual Fund reflects an unwavering commitment to our school's fundamental values and a powerful belief in the potential of all our students.
