- Guided shotgun hunt on strictly managed properties.
- Ground blinds in place
- Permit and license fees are the hunters responsibility.

### **About us**

Swain Farms Outfitting is a family owned and operated deer hunting outfitter located in Morgan and Scott Counties in west central Illinois. We provide low pressure, trophy whitetail hunts on privately owned farms across the region. The Swains are lifelong residents and hunters of Morgan County, with the family farm being established well over 150 years ago.

To go along with guiding deer and turkey hunters, we also offer a wide variety of professional hunting services that include whitetail land consulting, scouting services, CRP and food plot plantings and more.
