OrthoPulse®
LIGHT ACCELERATED ORTHODONTICS

Patient Quick Start Guide

First, Download & Login to the OrthoPulse® App using the ID & Password sent via email.

You're all set. Make sure your OrthoPulse® is fully charged (green light). Here is your convenient daily schedule:

STATUS LIGHTS

-  Ready for treatment
-  Low battery, charge device
-  Treatment in progress

-  Bluetooth mode
-  Error, please troubleshoot
-  Sleep mode, out of battery, or fully charged

TROUBLESHOOTING

Having issues?

1. Lift the OrthoPulse® off the charging tray and replace it 3-4 times consecutively.
2. When successful, the status light will cycle through the color spectrum and you will hear the device beep. You may have to complete the reset one or two times.
3. Sync with the OrthoPulse® & open the patient profile in the OrthoPulse® app. The OrthoPulse® will go into Bluetooth® broadcasting mode for 60 seconds when replaced in the charging case. The device will automatically sync with the app when the device is in broadcasting mode and the app will open to your patient profile.
