

BYONIC®

SUPERHUMAN SKATE BLADES

DESIGNED IN CANADA

LIGHTER

- Patented XLITE® profile design. Up to 40% lighter than leading OEM and aftermarket blades. Explode in and out of pivots and accelerate through crossovers with added quickness and control.

STRONGER

- Certified high strength stainless steel, for maximum edge life, extreme power and greater agility.

FASTER

- An industry first non-mechanical satin surface finish for optimum glide, reducing friction, increasing speed and energy.

“THE WORLD’S FASTEST SKATE BLADE”

“BE SUPERHUMAN, BE BYONIC”
