**“ WE BRING THE  
COMFORTS OF HOME  
TO YOUR BOAT! ”**

*“ Getting a great night of sleep on your  
boat has never been easier. ”*

With several boat mattress and mattress topper options to choose from, we are able to create a sleeping solution to fit all budgets. Each boat mattress is crafted to fit the unique size and shape of your berth and built to stand up to the rigors of a marine environment. Have difficult to access storage underneath your mattress? No problem! We can add a hinge to your mattress at no additional cost to you!

### LATEX MATTRESS OPTIONS

All of our Full Latex Mattresses start with solid 6” 100% Latex core. The benefits of Latex make for the perfect marine mattress. In addition to being extremely comfortable, Latex is breathable, foldable and most importantly mold and mildew resistant. We then cover all of our mattresses in a naturally mildew resistant bamboo top and use a breathable marine vinyl underlining to allow air to flow through the mattress.

**WHILE STANDARD HEIGHTS ARE GIVEN, WE CAN ADJUST THE  
THICKNESS OF ANY MODEL TO FIT YOUR SPECIFIC NEEDS.**
