

Dear Ahwatukee Homeowners,

Everyone wants a dream home they can be proud of. We all want to feel prosperous in life and our home is an extension of ourselves, our style and feeling successful.

We understand working with a remodeling contractor can be frustrating because they show up late, change the price and make a mess of your home.

Phoenix Home Remodeling is the most organized remodeling company in the valley and we'll create the dream space you'll be proud to show off to your friends, family, & neighbors.

One of our co-founders Jeremy has been through several contractor nightmares and it is the main reason Jeremy, Ben and Mark founded Phoenix Home Remodeling.

We are an award-winning home remodeling licensed contractor that is known for showing up on time, being organized, clearly explaining all aspects of the remodel, adhering to project budget and timeline.

One of our client's said we were the CarMax of home remodeling and we think that's a nice comparison. We'll guide you through our 4 step process and there's no haggle, no sales BS and our clients love the experience.

To a beautiful home you'll love showing off to your neighbors, family & friends,

Jeremy, Mark and Ben

Mark and his team were easy to work with and their attention to detail was great.

Our kitchen looks perfect just how we wanted it and we couldn't be happier. Thank you Phoenix Home Remodelers.

Our bathroom is amazing! The crew was polite, easy to work with and they kept our house clean.

I always knew what was happening and there weren't any surprises. My wife and I are very happy. Thank you!
