

Tecnología de Agregados y Pavimentos, S.A. De C.V.

R.F.C.: TAP-070727NL5

Mission

We are a firm specialized in offering quality service in the construction industry, committed to the improvement of our economic and social environment; well-grounded in the leadership and teamwork of our human talent, and oriented to achieve our clients total satisfaction, both in public and private sector.

Vision

We want to be a consolidated company in the construction industry, highly competitive in each of the sectors we participate: government projects, supply and carry services for aggregates for construction, heavy machinery rental and construction of houses. We aim to position ourselves before our clients as a trustworthy firm that offers quality and efficient results in time. We wish to be for our workers a source of inspiration to excel in everything they do and to become a symbol of pride for anyone who is part of our team.
