ENRICHING 1,000,000+ LIVES

## WELCOME & CONGRATULATIONS

A big 'congratulations' because you're one in a million. Only the bold and brave are prepared to get off the sidelines and take immediate action. They are the unique individuals that are lifelong learners and prepared to challenge themselves and grow seeking the best version of themselves. These special people are future 'thought leaders' and 'role-models'. They are a source of inspiration and leadership where others follow. These people create a world of choices, discover opportunities invisible to the average and live a life of abundance and fulfilment to the levels their hearts and minds desire.

Also...welcome to Enriched.Life Global Academy.... As an active alumni member, you are part of our Enriched.Life 'family' and our goal is to make an impact on you so powerful and transformative, that you too make a significant impact in the world in whatever capacity you choose. The Enriched.Life vision is for us to coach, impact and 'enrich' over 1 million plus lives 'globally' with your help. Through our three P's philosophy our mission is to ensure all our thoughts, teachings and actions consciously respect and honour 'our people', 'our place' and 'our planet' so we leave healthy legacy for our children and beyond.

Enriched.Life is creating a movement that awakens people to live to their fullest potential, and to find and express their purpose 'here and now'. We believe a creative imagination without restriction will fuel the inspiration to ignite a flame so strong that we can light up and impact the world. You may just be surprised of the hidden genius that lays within you when our Enriched.Life approach brings you when we have a clear mind, open heart and powerful body.
