MEMBERS' EVENT

September 21, 2017

The Larson Gallery Guild began in 1955 to support the mission of the Larson Gallery. We have continued to grow over the decades and in the 2017/2018 membership year, the Guild now enjoys the support of almost 350 members. It is through these loyal and dedicated art lovers and community leaders that the Larson Gallery Guild is able to support the Larson Gallery and staff to build ongoing exhibits and programs which are vital to the growth and sustainability of a collaborative arts scene in Yakima.

Each year, the Larson Gallery Guild shows their appreciation

to their members by throwing a party, to honor their support and work. We join together each Fall to celebrate our common mission and purpose: *To Cultivate a Love of Art*

MERCI [A LUNCHEON]

April 25, 2018

In France, they say "Merci" when they want to say "thank you". We like the sound of that word and the elegance it implies so we've designed an opportunity for all of you to tell your friends and co-workers how much you appreciate them.

The Larson Gallery invites you to bring pals and colleagues to the elegant "Merci" luncheon. This gathering is a gracious way to express your appreciation on Administrative Professionals Day—to those with whom you work and those who work for you.

While devouring a tasty lunch, you'll be entertained by music and fashion. We'll

feature a raffle, including items from local wine and brewing businesses. You'll have the opportunity to win at least one piece of local art. Other artwork will be on display and available for purchase.

TOUR OF ARTISTS' HOMES

May 19, 2018

The annual *Tour of Artists' Homes and Studios* has been a staple of the Yakima arts scene for 18 years, and it shows no sign of slowing down soon. Come see it for yourself! On May 19, a select handful of local artists and art collectors will open the doors to their homes and their workspaces, becoming welcoming hosts as they invite you on a personal journey through their landscape of collections and creations. The tour is self-guided, so you can set your own pace as you move through each house and on to the next, but the host is always on hand to answer questions about their craft, their collection, or their taste in décor. As if that's not enough, multiple guest artists often set

up displays in the homes on tour, adding detail and diversity to the display. For one day, the *Tour of Artist's Homes* is the biggest art gallery in town. If you are looking for inspiration and opportunity to grow your own art collection, you won't want to miss this event.
