

# La Serenata T-Shirt

## Design Brief 11.26.18

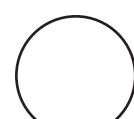

I'd like this mariachi. But I would like his suit to be Black as well as his hat. I do want a design on the hat. Like the one on the woman to the right. I'd like the accent of his suit to be the same color as the girl's dress, red/burgundy.

I'd like the words "La Serenata" to be in similar color

I like these stars to be used in the background as sky. I would also like a moon like this to be used in the background.

### Suggested COLORS

I'd like the girl to be sitting on the French door style window sill like this. But I like to be look more like the girl in the red Dress and be smiling and have this dress and as well as these earrings. I would also like the outline of a church in the far background.

I also like the idea of music notes coming from the guitar like this.

In the end I'd like the tshirt to have a feel like this tee and be no more than 4 - 5 Colors

I'd like the lettering to be in the top left of the t-shirt. I really like the lettering in the 'Ceviche'. I especially like the 'C' in 'ceviche'. I'd like something similar to be done with the 'L' in 'La Serenata' and have stars and music notes coming from the lettering similar to this.
