Can you make a space between HAPPENS and the TM. And make the TM non-italic and smaller in size (Similar to the circled R size next to Realtor)

Line can be seen, need to be deleted.

Not sure if this would look okay, but could we increase the size of the phone number and email, and maybe have it justified to the realtor R logo. Or maybe just increase the size and be justified to the bottom of the realtor R logo.

Just as a quick try, I tried to increase this in word just to see how it looked. I could not get it justified, but I do think it looks better in the bigger size.
