Some inspiration I found interesting

 <p>Combination of Company name &amp; simple icon with limited colors. They also have variations on the pictogram.</p>	 <p>Simple letters &amp; the small accent with the wifi</p>
 <p>A liltle playful but not to childish, professional &amp; young attitude. Pictogram explaining more on the name of the company</p>	 <p>Combination of 2 ..4 colors max in a simple line/shape design</p>
 <p>Simple design &amp; again nice accent on the box in the logo</p>	 <p>Nice font and nice pictorial explaining what they do</p>
