

Front of card:

- We like the darker blue on design **23599606**
- I think we prefer the Indian Paintbrush in black - the red is nice on it's own, but doesn't seem to work with everything else going on. Could we see it with the darker blue and maybe try a color other than the tumeric/rust color - something that would coordinate with the red of the flower.
- We'd like to see both rings black around the Indian Paintbrush
- Address for Clinic:

18648 C Private Dr
El Valle de Arroyo Seco, NM 87532

- Add area code to phone numbers - 505-753-7675, etc
- Web site - change to the following:

www.northernnewmexicohealthcare.com

Back of Card:

- Therapeutic Services and website without colored highlighting
- Blue lettering and blue inside logo, but Indian Paintbrush in black rather than red
- Can you show us how it might look to have our other office's name on the back - at the bottom of the card? It may not work, but we own both of these clinics and it's very important that our patients know we have another location. I upload Whole Body Wellness art in .eps format. I have a .jpg, but it wasn't uploading right.

We have some edits we want to make to services, but we'll have to get to that later this week or next week.
