# 1. LANDING SCREEN

LANDING SCREEN

2. MENU SCREEN

Ability for the User to see 3 menu items.

- **View Questions & Responses** – this menu selection will allow a user to browse through all the interview questions and view sample/common responses. Users can 'love' a response if they really like it, and that questions/response will then appear into their 'Question Portfolio'

- **My Question Portfolio** – This menu selection opens up the Users 'Question Portfolio'. As Users are browsing 'Questions and Responses' if they like a response and they believe it can help them prepare for an interview, they can 'love' (i.e. save) that response. That response then appears in the Question Portfolio. If a user has not 'loved'/'saved' any responses from the View Questions & Responses menu, then their Question Portfolio will be empty.

- **Interview Tips** – General interview tips that the user can browse – categorized into Before Interview, During Interview, and After Interview.
