**Founded
in 2007**

**A
Snapshot**

Works in
20+ Countries in Africa

- Certified API Inspectors on Hire (API 653 510 570 577)
- Certified ASNT SNT-TC-1A Level II Technicians
- Professional Engineers on hire.
- More than 200 Inspections carried out to date.
- 1 NDT Laboratory.
- NDT and ADVANCED NDT Solutions Provider.
- 100% Commitment to Safety.
- 10+ Partners worldwide.
- Mechanical Services Division

An aerial view of a large offshore oil rig in the middle of the ocean. The rig is a complex of steel structures, including a tall derrick, various platforms, and cranes. The water is dark and choppy, and the sky is overcast. The entire image has a blue color cast.

urban INSEPECTION TECHNOLOGIES

Inspection Services

Conventional NDT

- Ultrasonic Thickness (UTM)
- Ultrasonic Flaw Testing (UT)
- Magnetic Particle Testing (MT)
- Dye Penetrant Testing (PT)
- Radiographic Testing (RT)
- Visual Testing
- Hydraulic pressure testing

Advanced and Specialized NDT

- Paint Coating Inspection
- Phased Array Testing
- Thermal Imaging
- Leak Testing
- Corrosion Under Support
- Corrosion Under Insulation
- Hardness Testing
- Magnetic Flus Leakage inspection

API Inspection

- **API 510** – Pressure Vessel Inspection
- **API 570** – Piping Inspection
- **API 653** – Tank Inspection
- **API 580** – Risk Based Inspections

* DOSHS STATUTORY INSPECTIONS

A low-angle, upward-looking photograph of an industrial facility, likely a refinery or chemical plant. The image is dominated by large, metallic, cylindrical pipes and structures that curve and rise towards the sky. The entire scene is bathed in a strong blue light, giving it a cool, technological feel. In the background, several tall, cylindrical storage tanks or distillation columns are visible, also covered in scaffolding and pipes. The perspective creates a sense of height and scale.

MURBAN INSEPECTION TECHNOLOGIES

Advanced Services

Advanced Services

- Welding Inspection
- OCTG Inspection
- Positive Material Identification
- Drill Pipe Inspection
- 3d Laser Scanning
- MFL Intelligent Pigging
- Fitness For Service Reporting

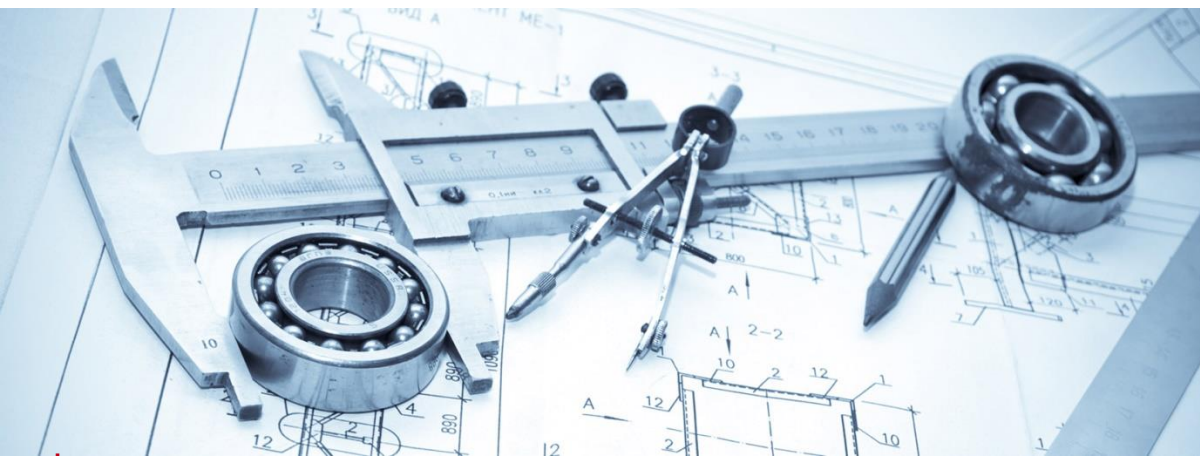

Asset Integrity Database

We maintain an on-line report-retrieval service for all our clients. All your inspection reports done by us are stored in our secure cloud databases which are easy to access independent in changes in your organisation.

- Statutory Inspections Database
- Pipeline Inspection Data Base
- Pressure Vessel Inspection Database
- Tank Inspection Data Base
- Piping Inspection Data Base
- Snapshot Analysis Of The Condition Of Your Assets
- Predictive Software Calculates Corrosion Rates
- Allows For Effective Preventative Maintenance Planning and Peace of Mind

Clients

A low-angle, upward-looking shot of a complex industrial facility, likely a refinery or chemical plant. The image is heavily tinted with a vibrant blue color. Large, curved metal pipes dominate the foreground and middle ground, leading the eye towards a tall, cylindrical distillation column in the background. Scaffolding and structural beams are visible throughout the scene, creating a sense of scale and complexity.

murban INSPECTION TECHNOLOGIES

**Why Use
MURBAN?**

Summary

- Kenyan Based Company With International Expertise
- Fast, Effective Mobilization
- International Standards
- 12 Years Of Experience
- Solutions Focused
- Technical Excellence Ensures Any Job Can Be Tackled
