Live Music Education & The Stars! Performing Program

Programs available for kids 3 months to 14 years old

Live Music Program (use live music photos)

3 mos. - 3 yrs.

This “mommy & me” style class is a 45-minute live music adventure. Each class has a singer and pianist guiding little ones through 3 boxes of instruments built for their little hands. We use music to teach movement, vocabulary, numbers, letters, confidence and build a love of music.

STARS! Performance Program(use Stars photos)

3 - 14 yrs.

Kids work once a week to put on a show customized for their class. Every child has a solo, lines, and a big part. We have classes for kids ages 3-14. Our mission is confidence and teaching important life skills through theater. All classes perform their show at the end of the session.

Virtual Music Lessons

We're now offering one on one virtual music lessons.
