

We offer a 24-hour, seven-day emergency response service where you need an electrician due to a breakdown or other disruption to your power supply. Our electrical contractors will identify the fault and have your power back on as soon as possible.

ACCREDITED MASTER ELECTRICIAN

Electrical work is one of the most dangerous tasks that can be performed in a home or business. Every year, dozens of people are electrocuted or shocked by substandard electrical work. By choosing a Master Electrician, you are choosing a contractor whose safety systems are accredited and monitored, and who provides a workmanship guarantee. Master Electricians are reliable contractors who provide excellent services and information, potentially saving you time and money.

M J Hook Electrical is a privately owned business providing a comprehensive range of domestic, commercial and industrial electrical services.

We provide a comprehensive range of electrical and communication services including small jobs around the home to large industrial applications. Our business is underpinned by a commitment to customer service, that is, we turn up on time providing quality workmanship at a fair and competitive price.
