WITH HANDLES

We produce **our** kitchens with **methods** and **requirements** that comply with **international** **standards.**

Berloni believes that producing quality furniture is an imperative, this is why we select the best materials and make sure that everything complies with our idea of excellence. We constantly monitor every phase of our production chain to guarantee high quality standards in terms of safety, reliability, durability and resistance.

The satisfaction of each of our customers is a result that must be maintained over time. Our guarantee is simply the demonstration of the values we believe in and a way to thank the consumer for choosing us.

In all foreign countries Berloni offers a warranty extension of 5 years for any manufacturing defect at the origin of its products.
