

New Braza Churros Logo

We are a Brazilian family and we have a food business in Australia.

Our Main product is a Brazilian style churros, which is filled up with chocolate or caramel (that's why the logo's colours).

We recently got a Food trailer and we are thinking of renew our existing logo before we send it to wrap.

We have added some more product other than churros but we want to keep the churros as the main one.

We are looking for some new logo and font concepts and we prefer keeping the same colours palette.

The main logo will be wrapped on the trailer's back (so ideally use centre text) and the same design will be used on the front with the text running along.

We want to keep the word "CHURROS" in emphasis and clear to easily read.

We are open mind to see some good options.

Thanks
