

I want a logo designed for NG Power Foundation.
I've included a picture of a tattoo I want the font and "feel" of.
I also want the heart and a tiny red light worked in.

I mocked something up with a font I DO NOT
want to use for "NG POWER" I want that font to be similar to tattoo
Or some type of graffiti font. I just mocked up format and layout possibilities I like

You can be as creative as you want.... The foundation will raise money for mental health
And addictions initiatives in the town of gander. NG stands for Ned and Gert Power
My grandparents who raised 14 kids in gander and had over 30 grandchildren

The tattoo was designed by one of the grandchildren and is on the youngest of
the original 14 kids.

NG POWER
