

DESIGN BRIEF

I would like a photorealistic image of a spiral gumball machine on the front of the tee. Make it pop however you like, add anything to the background or around the machine that you think makes it pop.

On the back of the tee I want it to include the business name "Evelyn's Vending" (use the font and color of your choice) The same gumball machine image that is used on the front of the tee please include on the back.

Make the gumball machine the center peice. I want it to be front and center on the tee

Change the color of the gumball machine, I would like to see it in blue, red, and yellow

Example Spiral Gumball Machines
