Relax and drive safely all night.

Restore & Relax will be the Easiest, and Longest Lasting Headlight Restoration product you will ever use — **Guaranteed.**

What's Inside

- **Two** headlight polishing wipes with oxidation removing solution and long-lasting sealant
- **Two** microfiber cloths
- **BONUS:** Two packets of Black Pearl protectant for additional defense against the elements

Just Minutes to bring 2 headlights back to clear!

Instructions: **Step 1.** Use polishing wipe #1 on first discolored headlight. Rub polishing wipe on headlight until the surface feels smooth. Wipe off solution with included microfiber cloth. Repeat until the headlight is restored. **Step 2.** Use polishing wipe #2 on second discolored headlight. Rub polishing wipe on headlight until the surface feels smooth. Wipe off solution with included microfiber cloth. For stubborn oxidation, repeat as needed until the headlight is fully restored.

BONUS: For extra protection we have included two packets of our Black Pearl Protectant. This can be applied to each headlight for an additional layer of long lasting protection. Apply to each headlight with clean cloth. Once dry, simply remove with clean cloth.

WARNING: Combustible parts. See insert inside for safety information.
