2. Reflect minimalist, angular, no curves design
3. X-1 inspired by Bell X-1 skunkworks plane that broke the sound barrier.

- 4.
5. Inspired by the Star Wars X-Wing fighter
6. Colors: Black and Yellow FFC726
7. Product is a winging hydrofoil <https://www.youtube.com/watch?v=fjbW6RjnQ-8>

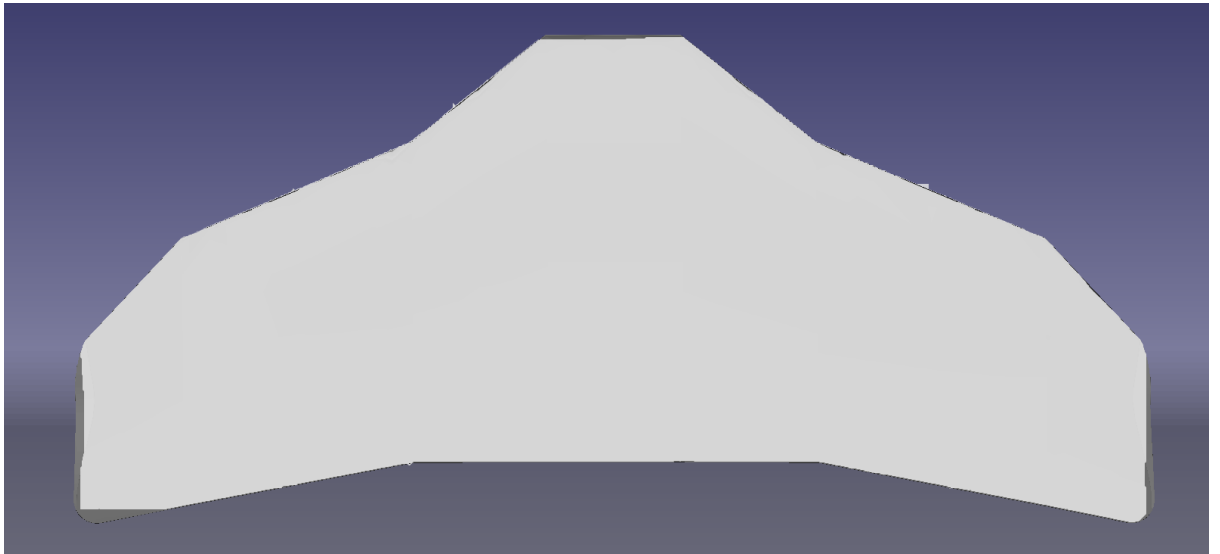

8.

Our first monowing design for kitefoiling. We call it the Triton T1.

9. Our current font is Montserrat but this logo does not need to be the same.
10. **X-1** is the product name. The dash must stay.
11. Our company logo should stay in the in the same spot as the T1. We are looking for a product logo that fits on a wingtip (bigger that the T1 product logo)

12. This is the wing outline. It is approximately 80cm wide.
