

# Programs

## CareerEcologia

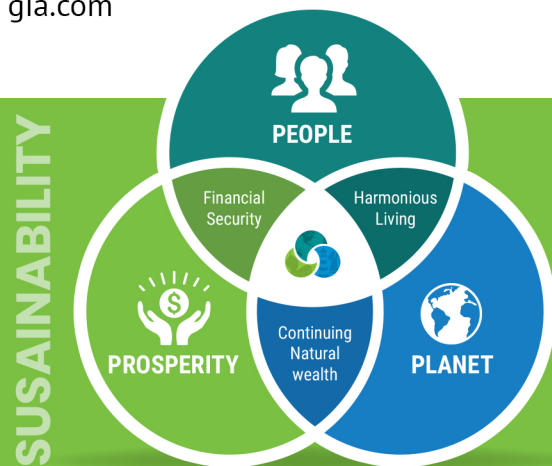

Sustainability-focused Careers & Leadership Development is delivered as a 4-phase program collaborating with an interdisciplinary team of professionals and entrepreneurs taking theory to practice! We use easy, flexible technology, to allow you to participate anytime, anywhere you connect to the internet! Customized to individuals, groups and/or study programs to integrate next generation innovation to learning!

## Workshops/Seminars/Networking

There is really nothing like meeting in person to combine benefits of coaching and networking with other professionals. We offer customized workshops for organizations and will help you cultivate vital networks related to your career and leadership goals. We often host regional experts for networking events on contemporary issues impacting careers and leadership from urban to rural communities.

## Chesapeake Horizons/Youth Leadership

Experience is the best teacher for our Next Generation Professionals and Leaders. We work with educational institutions and partner with local leaders on projects focused on sustainable solutions building. Do you have a project that could use fresh creative energy and skill? Are you seeking a project focused in sustainability to build expertise? Simply send your letter of interest, project description &/ or resume to: [phyllis@careerecologia.com](mailto:phyllis@careerecologia.com)

## CAREERS | ECOSYSTEMS | CAREERECOLOGIA
