

# daylight DEFENDER

**Tubular Daylighting Devices (TDDs)** are the perfect source of diffused natural light in gymnasiums and rec centers.

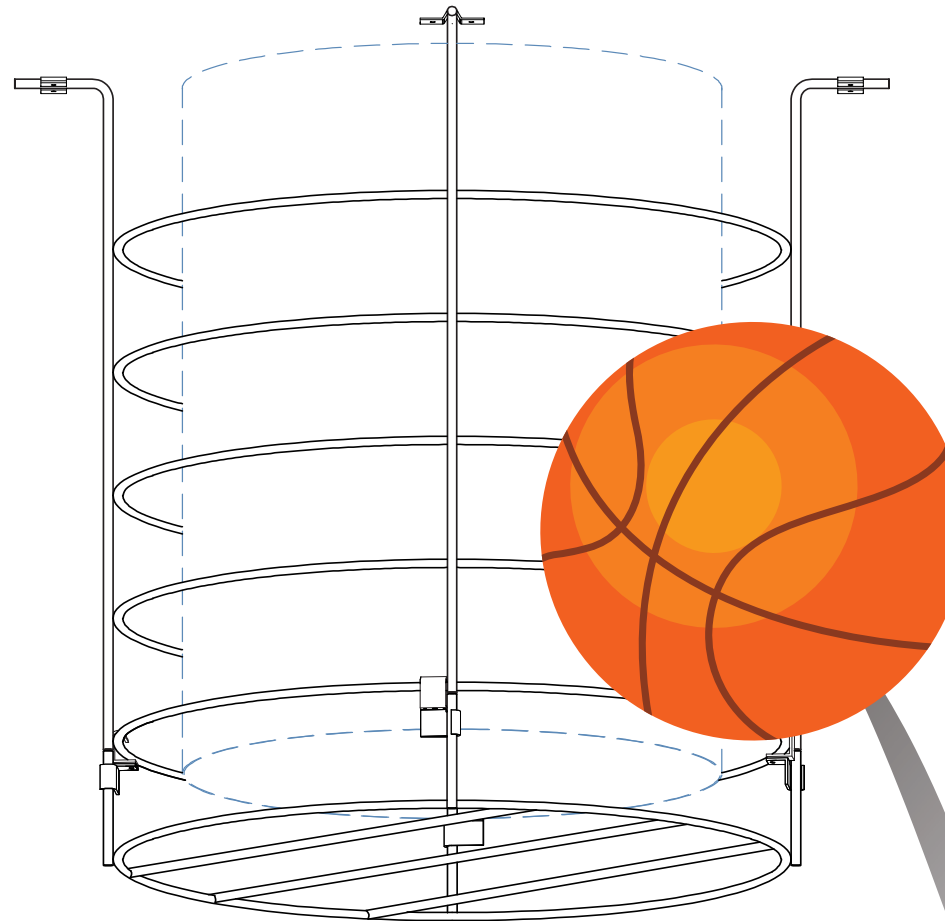

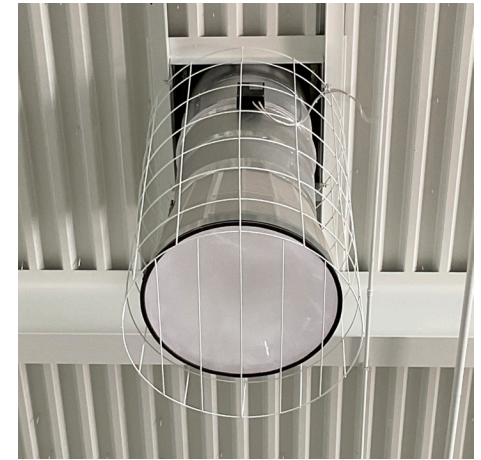

DAMAGED TUBULAR  
DAYLIGHTING UNIT

The challenge is to protect these light tubes in an abusive environment filled with errant balls – intentional or not.

The **Daylight Defender** guards these illuminating devices from damage by surrounding the unit with an unobtrusive enclosure.

- CUSTOMIZABLE FOR ALL BRANDS, TUBE SIZES, RECREATIONAL HAZARDS, AND ATTACHMENT METHODS
- RETROFIT OR NEW CONSTRUCTION
- MAXIMIZES DAYLIGHTING EFFICIENCY – NO OBSTRUCTION OF SOURCE LIGHT
- PRESERVES EASY ACCESS FOR TDD MAINTENANCE
