

Here is a logo design that I've used in the past, that I own . . .

The logo consists of the words "RIVERHEART" in a bold, uppercase, sans-serif font. A thin, slightly wavy horizontal line is drawn across the middle of the text, passing through the letters "I", "V", "E", "R", "H", "E", and "A".

I like this design (though I'd like a splash of color), and I wouldn't mind seeing someone do an updated version of it, but I'm open to seeing other ideas, too. In this example, "Resource" might fit underneath somehow?
